

REMARKS

The Specification has been amended to introduce the priority claim to the prior application under 35 USC 120 and to correct informalities objected by the Examiner Layno at the time of examining prior application.

Claims 1-30 have been cancelled and claims 31-46 have been added to define more precisely the scope of the invention claimed in the instant continuation application.

The replacement drawing sheet, Fig. 1, has been submitted with this amendment, in which the incorrect number "1" identifying the patient was corrected to "11".

It is respectfully submitted that no new matter has been added by the aforementioned amendment. Early and favorable examination is earnestly requested.

Respectfully submitted
